

Hospital Preparedness Program (HPP)
Budget Period 2 (BP2) Coalition Contracts
Network Coalitions

Kick-off Meeting
Tuesday, September 15, 2020

Welcome!

Outline

- Introduction and Goal
- Hospital Preparedness Program (HPP) Requirements 2019 2024
- BP1 Carryover Deliverables
- COVID-19 Supplemental Funding
- Overview of Program Deliverables BP2 July 1, 2020 June 30, 2021
 - Activities and Required Documentation
 - Recommendations for Design Your Own (DYO) Deliverable
- Business Process
 - Vouchering
 - Emergency Preparedness Coordinator (EPC) and Alternate EPC Contact Update

NYC Office of Emergency Preparedness & Response (OEPR)

OEPR Vision

 The DOHMH's Office of Emergency Preparedness and Response (OEPR) envisions a healthy, resilient city in which all New Yorkers are able to achieve and maintain optimal and equitable health outcomes before, during, and after emergencies.

OEPR Mission

 OEPR's mission is to advance DOHMH's and NYC's ability to prevent, prepare for, respond to, and recover from the health impact of emergencies.

Hospital Preparedness Program (HPP)

- The Hospital Preparedness Program (HPP) is a cooperative agreement program administered by ASPR that establishes a foundation for national health care preparedness. As the only source of federal funding for health care system preparedness and response, HPP promotes a consistent national focus to improve patient outcomes during emergencies and disasters and enables rapid recovery.(1)
- Project Period for five years (7/2019 through 6/2024)
- Current Annual Award lasting 12 months: Budget Period 2 (BP2) (7/1/20 through 6/30/21)

(1) (https://www.phe.gov/Preparedness/planning/hpp/Pages/default.aspx)

2017-2022 Health Care Preparedness and Response Capabilities

- Capability 1: Foundation for Health Care and Medical Readiness The community's health care organizations and other stakeholders-coordinated through a sustainable HCChave strong relationships, identify hazards and risks, and prioritize and address gaps through planning, training, exercising, and managing resources.
- Capability 2: Health Care and Medical Response Coordination Health care
 organizations, the HCC, their jurisdiction(s), and the ESF-8 lead agency plan and collaborate to
 share and analyze information, manage and share resources, and coordinate strategies to
 deliver medical care to all populations during emergencies and planned events.

(https://www.phe.gov/Preparedness/planning/hpp/reports/Documents/2017-2022-healthcare-pr-capablities.pdf)

2017-2022 Health Care Preparedness and Response Capabilities

- Capability 3: Continuity of Health Care Service Delivery Health care organizations, with support from the HCC and the ESF-8 lead agency, provide uninterrupted, optimal medical care to all populations in the face of damaged or disabled health care infrastructure. Health care workers are well-trained, well-educated, and well-equipped to care for patients during emergencies. Simultaneous response and recovery operations result in a return to normal or, ideally, improved operations.
- Capability 4: Medical Surge Health care organization-including hospitals, EMS, and out-of-hospital providers-deliver timely and efficient care to their patients even when the demand for health care services exceeds available supply. The HCC, in collaboration with the ESF-8 lead agency, coordinates information and available resources for its members to maintain conventional surge response. When an emergency overwhelms the HCC's collective resources, the HCC supports the health care delivery system's transition to contingency and crisis surge response and promotes a timely return to conventional standards of care as soon as possible.

HPP Requirements

Required every year:

 Planning for at- risk populations, community and healthcare system engagement in emergency planning, promotion of NYC Health Care Coalition's (NYCHCC) value, engagement of healthcare executives and clinicians, NIMS compliance for all members of the NYCHCC, a common operating picture for infectious disease information sharing among all NYCHCC members, 2 call down notification drills,

Budget Period 2 (BP2) requirements:

- Healthcare Coalition Response Plan
- Baseline EEI
- Crisis Standards of Care ConOps
- Review/revise Healthcare Coalition HVA
- Review/revise Healthcare Coalition Preparedness Plan and Charter
- Repeat surge exercise involving the entire coalition
- Infectious Diseases Annex and associated TTX

Approach to HPP Requirements

Requirements

 Many requirements for planning, exercising, vulnerability assessment, sharing resources, supply chain, recruitment/membership across healthcare and healthcare support industries

Activities engaging NYC HCC members

Coalition HVA, steering committees, workgroups, LCM/EPS, workshops, reviewing/approving plans,
 Surge Ex, call down notifications

Benefits for the NYC HCC

 Cohesive, shared planning assumptions, cooperation across the healthcare system, shared best practices, exercising and training together

BP1 Carryover Deliverables

• ASPR allows HPP recipients to request carryover of certain budget items from Budget Period 1 (BP1), which ended on June 30, 2020. With ASPR's approval, DOHMH is allowed to modify BP1 contracts so that contractors can complete certain activities during Budget Period 2 (BP2), which began on July 1, 2020 and will continue through June 30, 2021. Carryover of specific contract deliverables is subject to ASPR and DOHMH approval and requires a contract amendment.

COVID-19 Supplemental Funding

- ASPR provided emergency supplemental funding to support the urgent preparedness and response needs of hospitals, health systems, and health care workers on the front lines of the COVID-19 pandemic.
- This funding should support health care coalitions (HCCs), emergency medical services (EMS), state/jurisdiction Ebola treatment centers (renamed as state/jurisdiction special pathogen treatment centers), and other health care entities to prepare them to identify, isolate, assess, transport, and treat patients with COVID-19 or persons under investigation (PUIs) for COVID-19, and to prepare those entities for future special pathogen disease outbreaks.
- HPP COVID-19 Supplemental Round 1: March 29, 2020 June 30, 2021
- HPP COVID-19 Supplemental Round 2: May 22, 2020 June 30, 2021

COVID-19 Supplemental Funding Deliverables

HPP COVID-19 Supplemental Round 1: March 29, 2020 – June 30, 2021

- Collect and submit data detailing Network acute care facilities' response to COVID-19
 - Support development of revised pandemic planning assumptions and strategies related to medical surge based on the COVID-19 response by submitting data reports on bed capacity and PPE levels and needs. Completion of at least **five (5) data reports** by each Network acute care facility. **Payment Amount: \$1,300.00 per data reports**

HPP COVID-19 Supplemental Round 2: May 22, 2020 – June 30, 2021

- Collect and submit data detailing Network acute care facilities' response to COVID-19
 - Support development of revised pandemic planning assumptions and strategies related to medical surge based on the COVID-19 response by submitting data reports on bed capacity and PPE levels and needs. Completion of at least ten (10) data reports by each Network acute care facility. Payment Amount: \$1,300.00 per data reports

BP2 Deliverables

- Participate in NYC Health Care Coalitions (NYCHCC) Leadership Council (LC) Meetings
- Participate in Emergency Preparedness Symposia (EPS)
- 3. Support Borough Coalition(s)
- Participate in Citywide Coalition Surge Test (CST)
- 5. Strategic Pandemic Planning (Design a Deliverable)

Total payment amount of \$90,000.00 + \$54,000.00 per acute care facility

Participate in NYCHCC Leadership Council Meetings

- Ensure attendance and participation of at least one (1) Hospital EPC, or appropriate designee, at four (4) NYCHCC Leadership Council meetings. NYCHCC Leadership Council Meetings convene the leadership of all funded NYCHCC sectors and may include participation in focus groups and/or workshops as part of the meeting agenda in order to advance NYCHCC preparedness efforts and meet BP2 HPP grant requirements, including development of NYCHCC governance documents.
- Present an overview of Network's emergency management work at one (1) NYCHCC Leadership Council Meeting or at one (1) Emergency Preparedness Symposium (EPS)

Required Documentation:

- Completed evaluation surveys for each of the four (4) NYCHCC Leadership Council Meetings
- Final PowerPoint Presentation of Network's emergency management work overview

Participate in Emergency Preparedness Symposia (EPS)

- Ensure attendance and participation of at least one (1) Hospital EPC or appropriate designee from each Network acute care facility at two (2) Emergency Preparedness Symposia (EPS). EPS bring together NYC healthcare and non-healthcare providers to partner in emergency preparedness and response activities, sharing promising/best emergency management practices and knowledge, and mentoring partners and providers. Attendees are expected to actively participate in DOHMH-sponsored workshops offered at EPS.
- Note: Individual attendees cannot represent more than one (1) HPP funded entity at EPS.

Required Documentation:

 Evaluation surveys completed by one (1) Hospital EPC/designee from each Network acute care facility for the two (2) EPS meetings

Support Borough Coalition(s)

- Submit a proposal detailing plans to have representatives from each Network acute care facility engage and collaborate with NYCHCC Borough Coalition(s) activities in the Boroughs(s) in which the facility is situated. Network is encouraged to include affiliated non-acute care facility emergency preparedness partners in its planning.
- At a minimum, one (1) representative from each Network acute care facility must attend a minimum of two (2) Borough Coalition(s) meetings and/or activities. Individual designees cannot attend on behalf of more than one (1) acute care facility.
- Develop a summary report of Network engagement in Borough Coalition(s) activities.

Due Dates and Required Documentation:

- Proposal Due Date: November 15, 2020
- Final summary report of Network's engagement in Borough Coalition(s) activities Due
 Date: May 14, 2021

^{*}Additional deliverable details provided in guidance document.

Participate in Citywide Coalition Surge Test (CST)

- Participate in the planning, preparation, conduct, data collection, and evaluation for the 2021 CST (to be held in February 2021), coordinated by DOHMH, that will focus on planning and response operations for medical surge resulting from an event requiring evacuation of certain facilities and decompression of those receiving evacuated patients.
- Collect surge and evacuation data during the exercise, using the Assistant Secretary for Preparedness and Response (ASPR) surge tool template.
- Note: The exercise will test the ability of the Network to surge 20-40% of its capacity and communicate with nursing homes and community-based healthcare (e.g., Visiting Nurse Service) to accept patients during a medical surge event. The exercise will also test the ability of acute care facilities to communicate with non-acute care services and locations (if applicable) to see how many staff can be provided for surge in acute care settings.

Participate in Citywide Coalition Surge Test (CST)..cont.

Due Dates and Required Documentation:

- Completed surge and evacuation lessons learned template from DOHMH. Due Date:
 January 2021
- Completed After Action Review (AAR) template from each Network acute care facility and Network level if applicable that includes exercise observation and evaluation details and sign-in sheets/participant rosters. Hot wash registration or participant list (DOHMH will provide a template to ensure uniform data collection for HPP requirements). Due Date: February 2021
- Surge and evacuation data collected using ASPR surge tool. Due Date: February
 2021

^{*}Additional deliverable details provided in guidance document.

Strategic Pandemic Planning (Design a Deliverable)

- Using Network strategic plan and/or recent (e.g., from BP1) risk assessment finding(s), from COVID-19 and pandemic response planning, HVA and/or AAR/IP, design a deliverable(s) that includes implementing a project or conducting an exercise to address at least three (3) gaps or key findings.
- Proposed deliverable(s) must include Network-wide (i.e., multi-facility acute, non-acute and community-based organizations) activity(ies) and must be separate and different from any deliverables listed previously in the Scope of Services/Schedule of Deliverables.

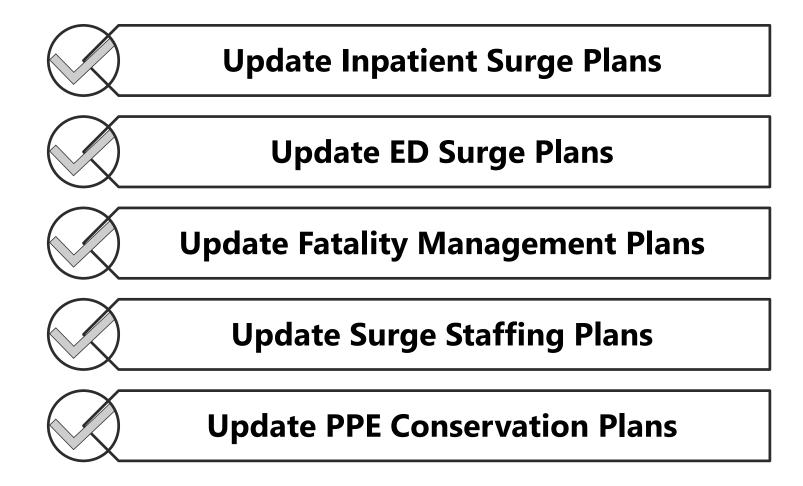

Due Dates and Required Documentation:

- Proposal Due Date: December 14, 2020
- Final Summary Report Due Date: May 3, 2021

^{*}Additional deliverable details provided in guidance document.

Recommendations for DYO Deliverable

Vouchering (Invoicing)

- Public Health Solutions (PHS) sends contract to EPC for signature and a <u>template for vouchering</u>
- EPC returns signed contract (+ other required documentation) to PHS.
- PHS sends copy of executed contract to EPC.
- EPC / ALT EPC submits deliverable documentation by specified due date to Project Manager.
- Project Manager reviews deliverable, notifies EPC / ALT EPC of approval to voucher
 - If deliverable is not approved, Project Manager communicates to EPC / ALT EPC on what modifications are needed
 - EPC / ALT EPC resubmits deliverable for approval
- EPC / ALT EPC submits voucher (signed and dated) to Chanukka Smith
- Once voucher is reviewed and approved, it is submitted to PHS for payment
- PHS remits payment

Updating EPC / ALT EPC

- Hospital notifies Chanukka Smith at DOHMH (csmith29@health.nyc.gov) of new Emergency Preparedness Coordinator (EPC) or Alternate EPC. If hospital is a member hospital of a Network Coalition, the Network Lead notifies DOHMH.
- New EPC /ALT completes the EPC Contact Form. The form can be requested via email or downloaded from our website (http://nychealthcareprepares.com)
- Completed contact form is returned to DOHMH and EPC / ALT EPC is added to DOHMH distribution lists

Thank you!

▶ We look forward to working with you in BP2!
