

ANNA BENNETT

Ms. Bennett has been with the IPRO ESRD Network of New York since September 2010, currently serving as Quality Improvement Coordinator and Emergency Manager. In her role as Emergency Manager, she is the Network lead for COVID-19 response, technical assistance and serves as SME for State, City and local response. This includes manning a virtual ESF-8 desk for Dialysis in NYC and collaborating with the State DOH in planning access for the ESRD Community for COVID-19 testing and vaccinations. Her work focuses on collaborating with local, state and national healthcare emergency coalitions to ensure community preparedness, effective communication and reporting, and patient access to care in the event of a disaster. Ms. Bennett holds Emergency Management Inclusive Planning certification from Niagara University, and has completed coursework with FEMA's Emergency Management Professional Program.
